Project duration / Awarded funding
01.03.2019 – 31.08.2021 / 44.615 €
Short description of the project
The scholars from the history of literature and culture examine the connection between the discourses of “psychology” and “esotericism” from the 18th to the 20th century (with a focus on Goethe's time and classical modernism). They start from the hypothesis that both schools of thought overlap in the concept of the unconscious, with the result that this unconscious acquires a metaphysical dimension.
Concrete implementation of the project (What was the funding used for?) (max. 500 characters (including spaces))
<ul style="list-style-type: none"> • - Hiring of a project coordinator • - 6 working meetings (Strasbourg, Freiburg, Karlsruhe) • - 1 workshop (Gegenbach) • - 1 conference (Strasbourg) with conference publication • - Submission of a project proposal (DFG research group), not successful.
Project result(s) and continuation of collaboration (max. 500 characters (including spaces))
see above Another workshop on the unconscious had to be postponed due to the call of the main applicant to the University of Würzburg.
